About Vision

Vision is the leading trade union within the Swedish welfare sector. We have over 200 000 members representing thousands of professional titles within municipalities, county councils, the church and private companies. Vision is a feminist organisation, a Fair Union, and part of TCO (The Swedish Confederation of Professional Employees).

Why join a trade union?

Trade unions regulate essential parts of the Swedish work market. Vision negotiates collective agreements with employers' organisations that cover matters like working hours, overtime compensation, pensions and annual leave days. Our main task is to ensure that collective agreements as well as labour laws are upheld. And that our members get the most out of their working lives.
